Dear friends,

It is with great pleasure that I extend to my warmest welcome to Varador 2000 Shipyard & Mataró Marina Barcelona, a company meticulously designed to offer specialised and worry-free services for super&megayachts and their crews.

Ever since we began to envisage these facilities more than 30 years ago, our actions have been driven by a desire to offer large yachts and their captains a one-of-a-kind shipyard & marine on the Western Mediterranean – a team capable of offering all the services and facilities needed to make you stay truly unique, based on our experience and the qualified opinions of seasoned captains.

Throughout the construction process we have taken into account the highest technology available for a shipyard refit and berthing which responds to the dimensions and needs of super&megayachts. Moreover, we have thought very carefully about the needs of the people whose lives are linked to the port on a day-to-day basis.

Mataró Marina Barcelona ushers in a new generation of European marinas.

Varador 2000 boast a 10.000 sqm technical area equipped with the latest technological advances to provide repair&refit services for vessels with long lengths.

Its location just outside Barcelona offers significant strategic value and represents a huge appeal for shipowners and captains, not to mention businesses related to super&megayacht industry. Maresme, north area of Barcelona, boasts all the characteristics our customers value: it's an area with a vibrant cultural life and excellent restaurants and tourist activities, but at the same time it is peaceful and easily accessible from Barcelona and the airport.

We trust that you'll find port facilities that meet your expectations at Varador 2000. My entire team and I are at your disposal to help with any suggestions or requirements that may arise during your stay.

Sincerely,

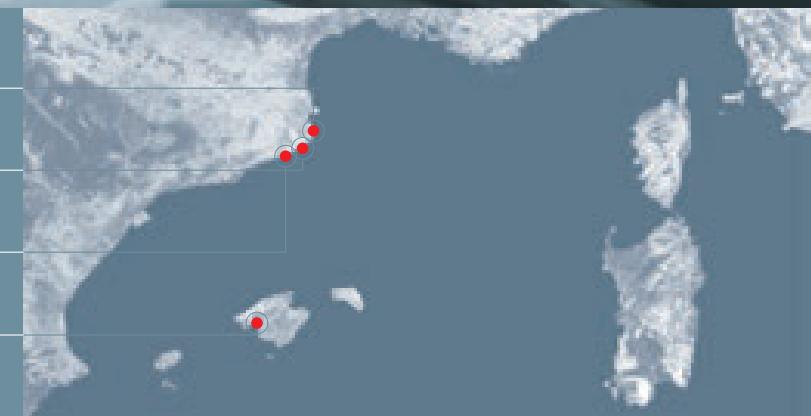

mataro marina

The past, the present, and a great future...

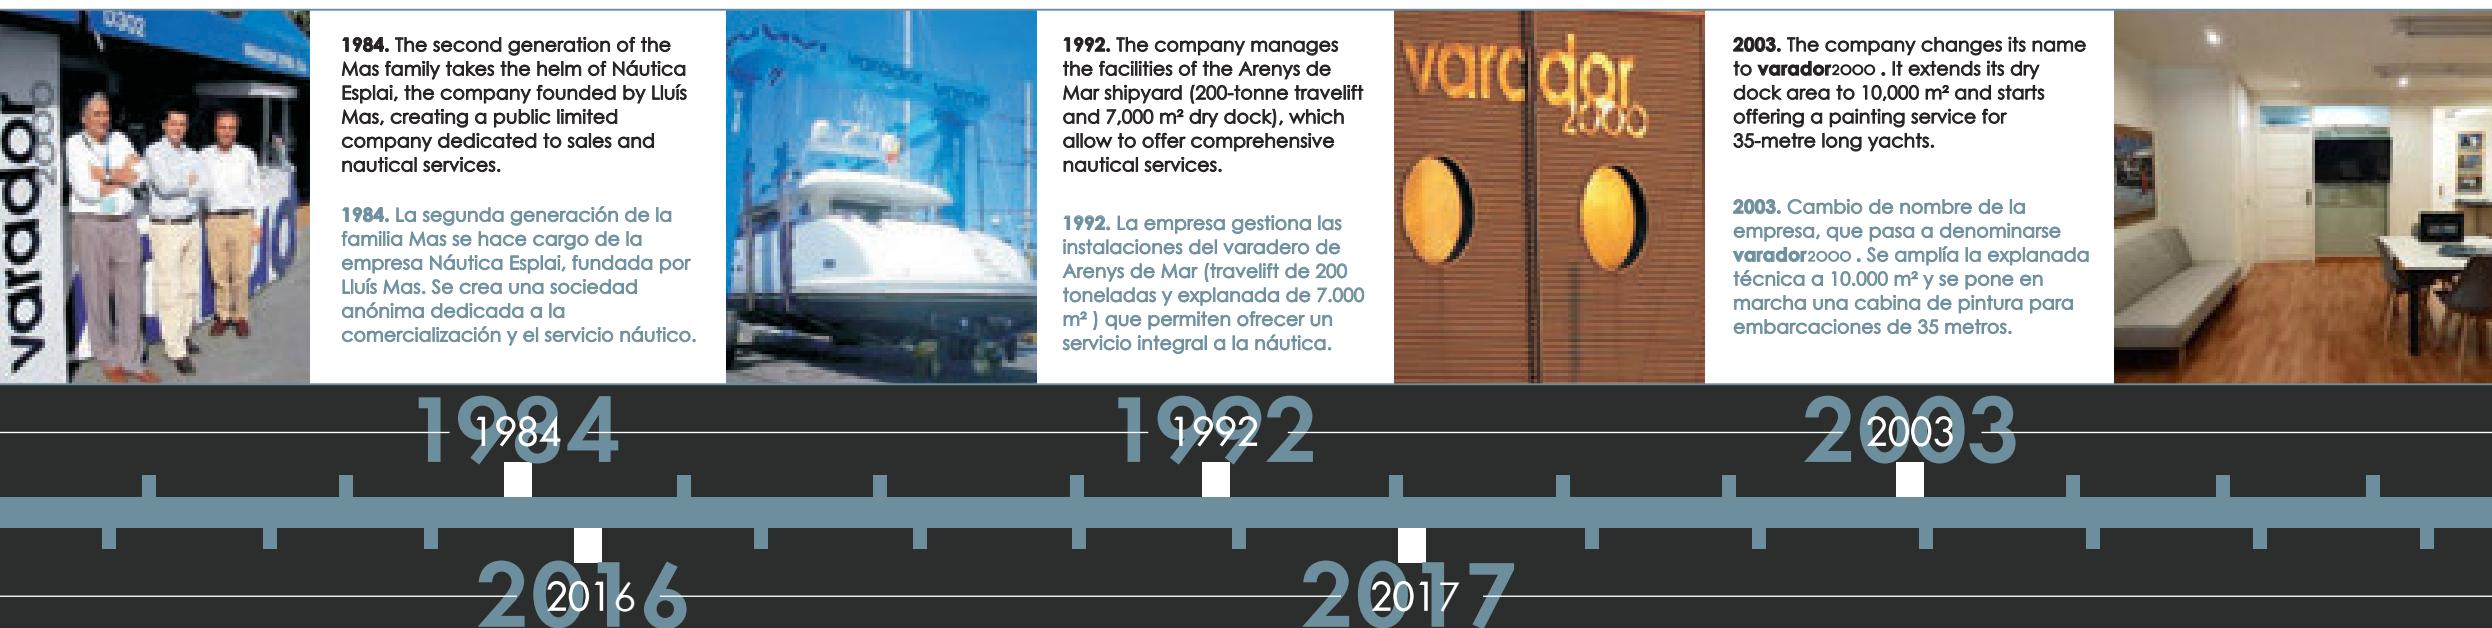

At **varador2000** we have 35 years of experience offering the best repair and maintenance solutions for all types of sailing, motor and large yachts. Our facilities are equipped with state-of-the-art technology and our team of experts deal with all the most advanced industrial processes in the nautical sector (mechanics, carpentry, cabinetwork, painting, electronics, hydraulics, welding, etc.).

varador2000 main facilities are situated in a privileged location, at the entrance of the port of Arenys de Mar, not far from Barcelona. The **varador2000 Repair & Refit Shipyard** has a 10,000 square-metre technical esplanade. In 2019, an extra 2.500 m² were added to the technical area, with new dry dock space and specialist workshops. The company also has a base for large yachts (**Mataró Marina Barcelona**) in the Port of Mataró and a branch in Palma (Mallorca). Thanks to this solid infrastructure, **varador2000** offers its clients in the Mediterranean a comprehensive service with unsurpassed guarantees: experience, commitment, service, innovation and quality.

You are invited to come and visit our facilities, which in 2021 will expand further with the addition of Sinera Base Arenys, dedicated to superyachts. You will receive preferential and personalised treatment from a team devoted to the sea.

See you soon!

Timeline / Cronología

El pasado y el presente, con la ilusión de futuro

En **varador2000** llevamos 35 años proporcionando las mejores soluciones en reparación y mantenimiento de todo tipo de embarcaciones, tanto de vela como de motor y grandes esloras. Nuestras instalaciones cuentan con una infraestructura tecnológica puntera y un capital humano experto en los todos los procesos industriales más avanzados de la náutica (mecánica, carpintería, ebanistería, pintura, electrónica, hidráulica, soldadura, etc.).

Las instalaciones centrales de **varador2000** se encuentran en una ubicación privilegiada, la boca del puerto de Arenys de Mar, muy cercano a Barcelona. El **Astillero de Repair & Refit de varador2000** ocupa una explanada técnica de 10.000 metros cuadrados. En 2019 la base técnica creció en 2.500 m², con nuevos espacios de varada y nuevos talleres especializados. La empresa también dispone de una base náutica para barcos de Gran Eslora (**Mataró Marina Barcelona**) en el puerto de Mataró y tiene delegación en Palma (Mallorca). Gracias a estas potentes infraestructuras, **varador2000** ofrece a sus clientes un servicio global en el Mediterráneo con una garantía insuperable: experiencia, compromiso, servicio, innovación y calidad.

Le invitamos a conocer personalmente nuestras instalaciones, que en el 2021 se ampliarán nuevamente con la puesta en marcha del Sinera Base Arenys para superyates. Recibirá un trato preferente y personalizado de un equipo comprometido con el mar.

Hasta muy pronto!

2008. Inauguration of **varador2000**'s branch in Palma. The facilities offer assistance and technical support to all clients of **varador2000** in the Balearic Islands. It also acts as a sales office for the company.

LOCATION LOCALIZACIÓN

An unbeatable location...

Arenys de Mar Port

varador2000 is located in the Arenys de Mar Port, used for sporting events and peaceful fishing, far away from industrial pollution, guaranteeing clean and tranquil waters. The port is 5.5 m deep and has a perfect microclimate to dock and get to know this unbeatable location.

Arenys de Mar and the surrounding area

This peaceful town with a seafaring history is located 40 km from Barcelona. Surrounded by large and peaceful beaches, protected by the Corredor-Montnegre Nature Park and the Montseny (1,706 m) massif Biosphere Reserve, the port belongs to one of the best areas to live and enjoy on the Catalan coastline.

It is only 30 km from the Costa Brava and 100 km from the Pyrenees. Furthermore, it has several golf courses and an excellent network of motorways, roads and trains, offering an unlimited range of activities: leisure, gastronomy, culture,...

Barcelona, the capital of the Mediterranean

The port is located only 40 minutes from the centre of Barcelona by car or train, the modern and cosmopolitan city that brims with a wide range of possibilities, day and night. In addition to being one of the main tourist destinations in Europe, Barcelona holds fairs, conventions and sports events throughout the year that are important on a world scale, making it even more attractive.

Un entorno incomparable...

Puerto de Arenys de Mar

varador2000 se sitúa dentro del puerto de Arenys de Mar, un puerto deportivo con una tranquila actividad pesquera, que lejos de la industria, garantiza unas aguas limpias y tranquilas. Con una profundidad de 5,5m. Posee un microclima perfecto para atracar y conocer este entorno incomparable.

Arenys de Mar y alrededores

Esta tranquila población de tradición marinera, situada a 40 km. de Barcelona. Envuelta de largas y tranquilas playas, protegida por el Parque Natural del Corredor-Montnegre y por el macizo del Montseny (1.706m.) Reserva de la biosfera, forma parte de uno de los mejores enclaves para vivir y disfrutar del litoral catalán.

Su ubicación a tan sólo 30 km. de la Costa Brava y a 100 km. de los Pirineos, con varios campos de golf y una excelente red de autopistas, carreteras y trenes ofrece un infinito abanico de actividades de ocio, gastronomía, cultura,...

Barcelona, capital del Mediterráneo

Se encuentra a tan sólo 40 min. del centro de Barcelona en coche o en tren, ciudad moderna y cosmopolita que brinda una amplia variedad de posibilidades para el día y la noche. Además de ser uno de los grandes destinos turísticos de Europa, Barcelona acoge durante todo el año ferias, convenciones y acontecimientos deportivos de repercusión internacional que la hacen aún más atractiva.
