

The image features a speedboat in the foreground, moving from left to right across a body of blue water. The boat is dark-colored and has two people on board. Behind the boat, there are several stylized, light blue silhouettes of larger ships, including one with a tall mast and cross-arms. The background is a plain, light blue sky.

TENDERCLINIC+

Leave it all behind

At Varador 2000, we know which of
your boats is the most important

METHOD AND **KNOW-HOW**

We've been applying our experience to your needs since 1984,
with the best staff and facilities.

Our Tender Clinic has unique facilities, with specially prepared winter storage conditions for your tender and top professionals who are experts in in engineering, electricity, hydraulics, electronics, painting and upholstery.

FROM THALASSO TO PLASTIC SURGERY

Your personal getaway, your own time out or those special moments depend on your tender being ready to go and in proper shape at all times, giving you the freedom you need.

Tender Clinic is a new brand developed by **Varador 2000** to complement and perfect the service offered to owners & crews for their most important boats

Some of our oldest customers are now permanent residents

If you need anything else, we are here

WHATEVER ITS AGE, IT MUST BE READY TO GO
